HIDDEN DEPTHS

Architects Soraya Khan and Patrick Theis at Theis + Khan (01892 518 094; theisandkhan.com) remodelled this Notting Hill townhouse to ensure visual links between all the floors. Split levels with glass-balustraded staircases provide views down to the basement swimming pool. 'Lighting was key to making the pool a focal point,' says Paul Nulty at Nulty Lighting (020 7401 3635; nultylighting.co.uk). 'Fibre optic lights cast ripples on the ceiling while cove lighting defines the perimeter.'
